EMERGENCY ORDINANCE AMENDING SECTION 1 OF ORDINANCE NO. 229-79, EXTENDING CONDOMINIUM CONVERSION MORATORIUM.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Section 1 of Ordinance No. 229-79 is amended to read as follows:

Section 2. Prohibition.

No tentative subdivision map nor any type of parcel map to convert residential building which contains more than one (1) habitable residential rental dwelling to a condominium, excluding those which have never before been occupied, shall be accepted by the director of public works during the time period beginning on the effective date of this ordinance and continuing through July 16, 1979 or until such time as the Board of Supervisors takes action with regard to the amendment of the Subdivision Code and such amendment, if any, becomes effective, whichever occurs first.

Section 2. Emergency Provision. This ordinance is hereby enacted as an emergency ordinance pursuant to Charter Sections 2.300 and 2.301. The basis for said emergency is as follows:

An increase in condonimium conversions coupled with a low vacancy factor and increasing rents has precipitated a rental housing crisis in San Francisco. The number of condominium conversion applications has greatly increased during the last twelve months, straining the ability of the Department of Public Works, City Planning Department and the Board of Supervisors to process applications within the time limitations established by the State Subdivision Map Act. As a result the Board of Supervisors is considering a number of proposed condominium conversion ordinances. Because of the large number of pending applications, the City and County may be prevented from properly reviewing those applications within the required time limitations, resulting in the automatic approval of such applications, thus creating an actual emergency.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Article 3, Part II, Chapter XI, of the San Francisco Municipal Code (Traffic Code) is hereby amended by amending Section 63 thereof to read as follows:

SEC. 63. Commercial Vehicles; Parking Limited in Certain Use Districts. It shall be unlawful for the operator of any motor truck, truck tractor, road tractor, van, trailer, delivery wagon, or any vehicle used for commercial purposes, except vehicles of public utilities and construction equipment engaged in repair or construction, to park or leave standing for a period in excess of one hour any such vehicle in any street in an R-1-D, R-1, R-2, R-3, R-4, R-5 or P Use District, except while in the course of delivery or removal of goods, merchandise or other personal property for residents on such street or except when such vehicle is used by a recreational equipment vendor as defined in Section 1050 of the Police Code in the course of his business and all the requirements of Police Code Sections 1051, 1052, 1053, 1054 and 1055 are met. Any excepted vehicle shall be subject to all parking limitations applicable thereto as otherwise provided by law.

Section 2. Article 15, Part II, Chapter VIII, of the San Francisco Municipal Code (Police Code) is hereby amended by adding Sections 1050 through 1055 thereto, reading as follows:

SEC. 1050. Recreational Equipment Vendor Defined.

Unless the context specifically indicates otherwise, the term "recreational equipment vendor" as used in this Chapter shall mean or include all persons, firms, corporations, clubs or associations which rent, sell, lease, loan or otherwise make available recreational equipment to the public.

SEC. 1051. Permit Required.

It shall be unlawful for any recreational equipment vendor to rent, sell, lease, loan or otherwise make available recreational equipment to the public from a truck, cart or otherwise movable vehicle located on a public street or other public property without first having obtained a permit from the Chief of Police.

SEC. 1052. Application for Permit.

Applications for said permit shall be made in writing to the Chief of Police and shall be made in such form and shall contain such information as the Chief of Police shall require, including proof of liability insurance in an amount of $1 million, naming the City and County of San Francisco and its officers and employees as an additional insured, and an agreement to hold the City and County of San Francisco harmless from any liability arising out of the vending and use of recreational equipment. In granting or denying a permit, the Chief of Police shall give particular consideration to the peace, order, health, safety and welfare of the public and on the business reputation of the vendor, provided, however, that each application be made for a single city street and block and that at no time will a permit be issued to more than one (1) recreational equipment vendor for the same street and block. No more than one permit shall be issued to any person, firm, corporation, partnership, club, association, or group of any kind.

Upon application for a recreational equipment vendor permit, the Chief of Police shall set a time, date and place for a public hearing thereon and shall cause a notice thereof to be conspicously posted on all available utility and light poles on the street and block for which the permit is requested not less than twenty (20) days before the date set for public hearing. The notice shall set forth the name of the applicant, the purpose for which the application is made, and the time, date, and place of public hearing on the application.

Each applicant for a permit shall pay to the Police Department a non-refundable application fee of $30,00, payable in advance.

SEC. 1053. Permit Fees.

Every person granted a recreational equipment vendor permit by the Chief of Police shall pay to the Tax Collector a permit fee of $100.00 annually, payable in advance. The permit shall be non-transferable.

The permit fee prescribed in this section is due and payable on a calendar year basis, starting January 1 of each year. Fees for new permits issued after the first day of January of a particular year shall be prorated with regard to the calendar year on a monthly basis.

SEC. 1054. Regulations.

(a) Hours. Recreational equipment can only be rented, sold, leased, loaned or otherwise made available to the public between sunrise and sunset of any given day. The trucks, carts or otherwise movable vehicles used by recreational equipment vendors may be parked or positioned for one-half hour before sunrise until one-half hour after sunset.

(b) Location. Once a recreational equipment vendor has positioned his vehicle and has transacted his first business of the day, he cannot reposition his vehicle except in the case of an emergency or when ordered to do so by an on-duty police officer or fireman.

However, if he is parked in a restricted parking area, he must obey the time limits or other restrictions provided by the San Francisco Traffic Code or by the California Vehicle Code, except that he is exempt from the provisions of Traffic Code Section 63 as provided therein.

(c) Equipment. No recreational equipment vendor shall have available for vending more than 400 items of recreational equipment or if the item is commonly rented in pairs (such as roller skates) 400 pairs of such them; provided, however, that safety equipment related to the use of said item is not included in this limit. Every recreational equipment vendor shall certify that the equipment with which he deals is in good condition and is safe for the use for which it was intended.

(d) Attended Vehicles. At no time between sunset of one day and sunrise of the next day shall the vehicle used by any recreational equipment vendor in the conduct of his business be left unattended on the public streets of San Francisco.

SEC. 1055. Penalty.

Any person who shall violate any of the provisions of Sections 1050 to and including 1054 of this Chapter shall be guilty of a misdemeanor, and, upon conviction thereof, shall be subject to a fine of not less than $100.00 and not more than $500.00, or by imprisonment in the jail of the City and County for a term of not more than six (6) months or by both such fine and imprisonment.

In the alternative any violations of Sections 1050 to and including 1054 of this Chapter by a permittee hereunder shall be deemed to be disorderly and improper conduct as that term is used in Section 3.537 of the Charter of the City and County of San Francisco, and the Chief of Police, may, after hearing, revoke said permittee's

permit pursuant to Section 3.537 of said Charter; or, in lieu thereof, may, after hearing, suspend said permit for such length of time as he deems proper.

ARTICLE 1

GENERAL PROVISIONS

SEC. 1302. Purposes.

(a) This Code is enacted to establish procedures and requirements for the control and approval of subdivision development within the City and County of San Francisco in accordance with SMA.

(b) This Code is enacted to encourage and ensure the development of subdivisions consistent with the objectives of the San Francisco Master Plan.

(c) Recognizing that, by their unique character and impact on the City's population and housing stock, condominium conversion subdivisions differ from other subdivisions, implementation of subsections (a) and (b) of this Section requires the adoption of special requirements for conversions, the purposes of which are:

1. To preserve a reasonable balance of ownership and rental housing within the City and County of San Francisco by providing for an annual limitation on the number of units which may be converted to condominiums in any year.

2. To promote the meaningful expansion of homeownership opportunities for existing tenants and to prevent the displacement of existing tenants by requiring a high degree of tenant intent to purchase their rental unit as a condition of approval.

3. To reduce the impact of such conversions on non-purchasing tenants who may be required to relocate, by providing for procedures for notification and adequate time and assistance for relocation, and providing for the reimbursement of costs resulting from such relocation.

4. To prevent the displacement of elderly and disabled tenants by assuring them of extended leases to remain in their units subsequent to conversion.

5. To assure that purchasers of converted housing have

been properly informed as to the physical condition of the structure which is offered for purchase.

6. To prevent the effective loss of the City's low or moderate income housing stock by requiring sales price limitations on those units proposed for conversion which are found to be part of the low or moderate income housing stock.

7. To expand the supply of the City's low or moderate income housing stock by provision of a minimum of ten percent low or moderate income housing units in any condominium subdivision, or by construction of an equivalent number of such units elsewhere, or by in-lieu payments into a City housing development fund.

ARTICLE 2

DEFINITIONS

SEC. 1308 Subdivisions.

(a) "Common areas" shall mean an entire project excepting all units therein granted or reserved.

(b) "Community Apartments" shall mean an estate in real property consisting of an undivided interest in common in a parcel of real property and the improvements thereon coupled with the right of exclusive occupancy of any apartment located therein.

(c) "Condominium" shall mean an estate in real property consisting of an undivided interest in common in a portion of a parcel of real property together with a separate interest in space in a residential, industrial, or commercial building on

Such estate may, with respect to the duration of its enjoyment, be either (1) an estate of inheritance of perpetual estate, (2) an estate for life, or (3) an estate for years, such as a leasehold or subleasehold. This definition is intended to conform to Section 783 of the California Civil Code and any other section of California law.

(d) "Conversion" shall mean a proposed change in the type of ownership of a parcel or parcels of land, together with the existing attached structures, to that defined as a Condominium project, Community Apartment project or Stock Cooperative, regardless of the present or prior use of such land and structures and of whether substantial improvements have been made to such structures.

(e) "Project" shall mean the entire parcel of real property divided or to be divided in any of the methods defined as a subdivision.

(f) "Stock Cooperative" shall mean a corporation formed or availed of primarily for the purpose of holding title to, either in fee simple or for a term of years, improved real property, if all or substantially all of the shareholders of such corporation receive a right of exclusive occupancy in a portion of the real property, title to which is held by the corporation, which right of occupancy is transferable only concurrently with the transfer of the share or shares of stock in the corporation held by the

person having such right of occupancy.

(g) "Subdivider" shall mean a person, firm, corporation, partnership or association who proposes to divide, divides or causes to be divided real property into a subdivision for himself or for others. City agencies, including the San Francisco Redevelopment Agency, are exempted from this definition.

(h) "Subdivision" shall mean the division of any improved or unimproved land, shown on the latest equalized county assessment roll as a unit or as contiguous units, for the purpose of sale, lease or financing, whether immediate or future. Property shall be considered as contiguous units even if it is separated by roads, streets, utility easements or railroad rights-of-way. This definition shall specifically but not exclusively include Condominiums, Community Apartments, Stock Cooperatives and Conversions.

(i) "Unit" shall mean the elements of a project which are to be owned individually and not in common with the owners of other elements of the project.

(j) "Tenant" shall mean a person or persons entitled under a lease rental agreement or other agreement with the property owner or his or her agent to occupy a dwelling unit to the exclusion of others. For purposes of this definition, "Tenant" shall mean "Subtenant" or defined in Section 1308(k) where the subtenant occupies and resides in the unit in agreement with and to the exclusion of the tenant and with the consent of the owner.

(k) "Sub-tenant" shall mean a person or persons whose

rights to occupy a dwelling are derived from the tenant rather than from the property owner or his or her agent.

For purposes of applying this Section and Section 1309(e), a studio apartment shall be deemed to be a one-person household, a one-bedroom apartment shall be deemed to be a two-person household, a two-bedroom apartment shall be deemed to be a three-person household, and a three-bedroom apartment shall be deemed to be a four-person household.

(m) "Moderate Income Housing Stock" shall mean those rental dwelling units in buildings being proposed for condominium conversion, the rental for which at the time of filing the application for conversion exceeds the amount which would cause the unit to be defined as low income housing stock pursuant to Section 1309(l), but does not exceed twenty-five percent (25%) of the gross monthly income of a moderate income household as defined in Section 1309(f). In relating the size of the unit to household size, the same relationships set forth for low income housing shall apply.

Written notice of such conference shall be sent to the subdivider, to all agencies who have submitted a report, and to other persons and organizations who have expressed an interest in the proposed subdivision.

SEC. 1332. Consistency with Master Plan.

(a) Whenever a property is to be subdivided, the City Planning Commission shall hold a public hearing on the question of consistency of the subdivision with the Master Plan except for condominiums other than conversions, where the property to be subdivided will be divided into fewer than fifty (50) units; a public hearing shall be held in such cases, however, upon request by one or more owners of contiguous property within ten (10) days following the mailing of notice to those owners of the filing of an application for a condominium subdivision, or upon a determination of the Department of City Planning that a public hearing is warranted on the question of consistency of the subdivision with the Master Plan. Notice of such hearing shall be given pursuant to Section 1313.

(b) The Director shall disapprove the proposed subdivision when the Department of City Planning finds that the proposed subdivision is not consistent with the Master Plan.

(c) When the Department of City Planning finds that a proposed subdivision will be consistent with the Master Plan only upon compliance with certain conditions, the Director shall incorporate said conditions in his or her conditional approval of the proposed subdivision.

ARTICLE 5

SUBDIVISION REQUIREMENTS

SEC. 1341. Low and Moderate Income Occupancy.

(a) In all subdivisions involving fifty (50) or more lots or units, except for condominium or cooperative conversion

subdivisions, the subdivider shall make available ten percent (10%) of the units for low and moderate income occupancy provided that the City Planning Commission finds that governmental subsidies for such occupancy are available to the subdivider. This requirement shall not limit the authority of the City otherwise to encourage the provision of low and moderate income housing, or of the subdivider to make available additional low and moderate income housing.

(b) In all condominium or cooperative conversion subdivisions with five (5) or more lots or units, the subdivider shall make available ten percent (10%) of the lots or units for rental or for purchase by households of low or moderate income. In the event that the total number of units determined to be within the low or moderate income housing stocks pursuant to Section 1385 is greater than ten percent (10%) of the total number of units in the subdivision, such greater number shall apply.

(c) If the units are to be made available for purchase, then the sales prices of such units shall not exceed 2.5 times the annual median income for low or moderate income households, as defined, and as adjusted for household size according to the relationship to the size of the dwelling, as set forth in Section 1309. Priority for purchase of these units shall be as set forth in Section 1385. Any low or moderate income household which purchases a dwelling pursuant to this Section shall grant a right-of-first refusal to the City and County of San Francisco,

or to such other entity that at a future time may be designed by the City and County of San Francisco, to repurchase the dwelling from the initial purchaser at the original price plus the cost of any improvements paid for by the owner, plus an increase proportionate to the increases in the housing component of the "Bay Area Cost of Living Index, U. S. Dept. of Labor", over the intervening time period. The City and County of San Francisco, or designated agency, shall reconvey such unit to other qualified low or moderate income purchaser if the right to purchase is exercised by the City or its designated agent.

(d) If the units are to be for rental, then the rent in such units shall not exceed the rent charged at the time of filing the application for conversion, or the maximum rent that would be allowed so as to keep the unit within the low or moderate income housing stock, whichever rent level is lower. Once established, rent levels for any units remaining as rental pursuant to this Section may be increased annually consistent with any changes in the residential rent component of the "Bay Area Cost of Living Index, U. S. Dept. of Labor"; provided that the rental increase provisions of this Section shall be operative only in the absence of other applicable rent increase or arbitration laws. In cases of hardship to the subdivider, or in cases where a rent increase authorized herein is considered by the tenant to be not consistent with increases in the residential rent component of the Bay Area Cost of Living Index, either a subdivider or a tenant may request relief under this section from

the Director or his or her designee. In considering the reasonableness of a rent increase, the Director shall consider whether the rental revenues are sufficient to adequately maintain the building in safe and sound condition, and in conformity with any applicable sections of the San Francisco Housing and Building Codes. The Director may allow rent increases greater than the proportionate increases in the residential rent component of the "Bay Area Cost of Living Index, U. S. Department of Labor", in order to allow the building to be maintained in safe and sound condition. The rental increase provisions of this section shall apply only in the absence of other applicable rent increase or arbitration laws.

(e) Units made available for purchase by households of low or moderate income shall remain within the low or moderate income housing stock pursuant to the recapture provision of Section (c) above. Units made available for rental shall remain as rental units for no less than twenty (20) years, provided, however, that such rental units may be converted to condominiums during such twenty (20) year period if offered for sale according to the sales price formula of section (c) above.

(f) As an alternative to the provisions of subsections (b) and (c) above, the subdivider shall make a bona fide agreement, satisfactory to the Department of City Planning, to construct or cause to be constructed within a period commencing eighteen (18) months prior to the date of filing the application for conversion and ending eighteen (18) months after filing of the final or

parcel map, or to provide through other means, the same number of units and under the same conditions as would be required for low or moderate income occupancy under the provisions of subsections (b) and (c) above, in areas approved by the Department of City Planning as being non-impacted with assisted housing.

(g) As a further alternative to the provisions of subsections (b), (c), and (f) above, the subdivider shall pay to the City and County of San Francisco an amount equal to ten percent (10%) of the difference between the aggregate total of the proposed market rate sales prices, as indicated on the price list supplied with the application packet, and the aggregate total of the sales prices if the units were to be sold at moderate income sales prices, as determined by the sales price formula of Section 1385 and subsection (c) above. This payment shall be made within two years of the recordation of the Final Map.

(h) Funds collected pursuant to subsection (g) above, shall be deposited into the Housing Development Fund, which fund is to be used to provide assistance in the development of new housing resources for persons and households of low or moderate income.

SEC. 1343. Policies and Procedures for use of the Housing Development Fund.

1. Purpose of the Fund

(a) To reduce the cost of construction of new residential structures so that dwelling units in such structures are affordable by persons of low

and moderate income.

(b) To expand homeownership opportunities for persons of low or moderate income through down payment assistance, co-ownership, and/or "equity partnership" programs.

2. Eligible Uses of the Fund

(a) Monies from the Fund may be used to reduce the development costs of new housing including, but not limited to, land costs, architectural, engineering and permit fees, construction and mortgage financing and interest subsidies thereof, and the costs of site preparation.

(b) Monies from the Fund may be used in the context of a "co-ownership" or "equity partnership" program to pay the difference between the market price of single-family dwelling, or a unit in a condominium, community apartment or stock co-operative project, and the price of such unit at which it would be affordable by persons or households of low or moderate income.

(c) Monies from the Fund may be used to provide down payment assistance to persons or households of low or moderate income acquiring newly constructed housing units or existing units that otherwise would not be affordable by such persons

or households.

(d) Monies may be used to pay the cost of administering the Fund, including payment to members of the Loan and Grant Committee who are not public officials, of an amount not to exceed twenty-five dollars ($25) per meeting.

3. Administration of the Fund

(a) There shall be established a Housing Development Fund Loan and Grant Committee, comprised of five members; one shall be the Director of Property, as head of the Real Estate Department; the four others shall be knowledgeable about housing construction or finance, and shall be appointed by the Mayor and confirmed by the Board of Supervisors.

(b) The Fund shall be administered by the Real Estate Department.

(c) The Chief Administrative Officer shall promulgate such rules and regulations as are necessary to provide for the governance and administration of the Fund.

4. Application for Loan or Grant Funds

Any private developer, public agency, or non-profit corporation concerned with the construction of housing, or concerned with the provision of housing opportunities for low or moderate income persons, may make application to the Real Estate

Department for the use of monies from the Fund to be applied to a specific residential development or for creation of a loan program or co-ownership or equity partnership program.

Applications shall specify how monies from the Fund would make units affordable by persons or households of low or moderate income and shall specify how units assisted by the Fund would remain in occupancy by low or moderate income households. If the application is for a loan program or co-ownership or equity partnership program, the application shall specify the eligibility standards, the maximum amount of any loans to be made, the terms and conditions of any loans or equity partnership agreements, and all other requirements necessary to make the proposed program conform to the purposes of this section. Applications shall be reviewed by the Loan and Grant Committee, whose decisions on such applications shall be final. Monies may be disbursed from the Fund only on the recommendation of the Loan and Grant Committee.

5. Reporting on Program Status

The Real Estate Department shall report quarterly to the Board of Supervisors on the current status of the Fund, the amounts approved for disbursement, the number and types of projects assisted, and shall make recommendations for any changes deemed necessary to improve the effectiveness of the Fund in achieving its purpose.

If five or more units are involved, said notice shall advise all lessees and tenants that a public hearing concerning the application for conversion will be held and that notice of said hearing will be given to all lessees and tenants by the City Planning Commission. Said notice shall contain all the information as required in subsections 4 and 8 of this section. Said notice shall also contain a description of

the rights of tenants as herein provided, including the right of first refusal to purchase the unit, the right to attend and be heard at the public hearing, the right to receive relocation assistance and benefits, the right of all tenants to extend occupancy for a period of from one to three years depending upon length of prior occupancy, the right of elderly and disabled tenants to a lifetime lease, and the prohibition against rent increases during the process of conversion.

(a) Application Packets for Conversions shall have deleted the following information required by provisions of this Code:

1. Except as otherwise required by other Sections of this Article 9, the statements required by Section 1323(a), paragraphs 1, 2, and 3, shall be deleted.
2. The environmental evaluation data required by Section 1323(b).

SEC. 1383. Conformity of Housing, Building and Planning Codes. As a condition of Final Map approval, the subdivider must demonstrate that all applicable provisions of the City's Housing, Building and City Planning Codes have been met and that all violations of such codes have been satisfactorily corrected or, upon the approval of the Director, and prior to Recordation of the Final Map or Parcel Map, funds have been adequately escrowed or

bonded to assure completion of such corrective work prior to the closing of escrow of any unit in the project.

SEC. 1384. Procedural Additions.

(a) In addition to the notice of Public Hearing required by Section 1313, notice of any Public Hearing by the Director shall be sent to each tenant of the property proposed for Conversion in accordance with the provisions of Section 1313. The cost of such notice shall be borne by the subdivider.

(b) In addition to the requirements of Section 1331 of this Code regarding the Advisory Agency's Report, the Subdivider, subject to review by the Director shall mail a notice to each tenant which shall inform the tenant of the following:

1. The Director's decision, along with a statement of any conditions which may have been incorporated in a conditional approval of a Tentative Map;
2. The right of tenants to appeal the Director's decision; and
3. The availability for examination of a copy of the Advisory Agency's Report at the Director's office. The cost of such notice shall be borne by the subdivider.

(c) Section 1333 of this Code is modified to provide for an appeal by the tenants of any project to be converted, from the final action by the Director of any application for Conversion. Any such appeal shall be taken by filing a written notice of appeal, subscribed by at least twenty percent (20%) of said

tenants, with the Clerk within fifteen (15) days after the Director's action. The Board shall hear and act upon the appeal in accordance with SMA and this Code.

SEC. 1385. Preservation of Low and Moderate Income Housing. The City Planning Commission shall determine whether any units to be converted are part of the City's low or moderate income housing stocks. If the Commission determines that any unit to be converted is part of the City's low or moderate income housing stocks, then the price of the unit upon conversion shall not be such as to remove it effectively from said low or moderate income housing stocks and shall be no greater than two and one half (2.5) times the highest income level for low and moderate income households as defined in Section 1309(e) and (f), and as adjusted for household size according to the size of the dwelling, as set forth in Section 1309(l) and (m). The resulting sales prices established pursuant to this formula may be increased consistent with any increases in the housing component of the "Bay Area Cost of Living Index, U. S. Dept. of Labor," during the period between the most recent establishment of the above highest income levels and the date of commencement of sales. If the tenant does not exercise the contract right to purchase the unit which has been determined to be part of the low or moderate income housing stock, then the unit shall be made available exclusively for purchase by qualified households of low or moderate income on a first-come, first-served basis for a period of not less than twelve (12) months from the date of recordation

of the Parcel Map or Final Map at a price no greater than that allowed under the low and moderate income price guidelines set forth above. Priority, however, shall be given to low or moderate income households who can demonstrate that they had previously relocated from a dwelling in a building which had been approved for condominium conversion. The reconveyance of any unit purchased pursuant to the price restriction formula of this section shall be subject to the resale restrictions as set forth in Section 1341(b). In cases where no low or moderate income household has purchased or contracted to purchase such unit within this twelve (12) month period, after good faith efforts by the subdivider, the subdivider may offer the unit to the general public with no price limitation.

SEC. 1386. Denial of Tentative Map.

When the City Planning Commission determines that vacancies in the project have been increased, or elderly or permanently disabled tenants displaced or discriminated against in leasing units, or evictions have occurred for the purpose of preparing the building for conversion, or if rents in the project over the previous eighteen (18) months preceeding the date of filing the application have been increased substantially greater than any increase in the residential rent component of the "Bay Area Cost of Living Index, U. S. Dept. of Labor," (except for increases reasonably related to construction of code required capital improvements directly related to code enforcement, or to recoup the costs thereof), the Tentative Map shall be disapproved and

the subdivider may not reapply for eighteen (18) months from date of denial. In evaluation of the current vacancy level under this subsection, the increase in rental rates for each unit over the preceding five years and the average monthly vacancy rate for the project over the preceding three years shall be considered. In the evaluation of the displacement of elderly tenants any such displacements over the preceding three years, and the reasons therefore, shall be considered.

SEC. 1387. Right of Tenants to Contract for the Purchase of Unit.

(a) The present tenant or tenants at the date of filing of the application for a Tentative Map of any unit to be converted or, in the event of a voluntary vacation, or eviction for cause, the tenant or tenants in occupancy at the date of issuance of the State Department of Real Estate's Final Subdivision Public Report shall be given a non-transferable contract right to purchase the unit occupied at a price no greater than the price offered to the general public.

(b) The right of contract for purchase of the unit shall extend for sixty (60) days from the date the unit is initially offered to the tenant in writing by the subdivider. The period of acceptance of the offer may be extended if such an agreement is executed in writing by the subdivider and tenant, provided that the tenant may cancel the purchase agreement if the unit is not conveyed to that tenant within six (6) months of the agreement to purchase.

(c) The offer of sale may not be extended by the subdivider to the tenant until the recordation of the Final Map or Parcel Map, and until the issuance of the State Department of Real Estate Estate's Final Subdivision Public Report.

SEC. 1388. Tenant Intent to Purchase. No application for conversion shall be approved unless there are substantial numbers of tenants who have indicated their intent to purchase their rental unit. This intent shall be evidenced by the submittal in writing by no less than forty percent (40%) of the tenants of intent to purchase forms, as provided by the Department of Public Works. In obtaining or soliciting intent to purchase forms from tenants, subdividers shall comply with any restrictions set forth in the California Business and Professions Code and Regulations of the Real Estate Commissioner. In calculating the total number of units necessary to satisfy this provision, there shall be included in the forty percent (40%) requirement any units in which the occupant qualified for and has expressed an intent to obtain a renewable lifetime lease pursuant to Section 1391(c).

Any tenant intent to purchase forms obtained by way of an inducement of the subdivider to provide benefits to that tenant beyond those established by this Code shall be so identified and the specific representations of the subdivider shall be set forth in detail. All such intent to purchase forms shall become a matter of public record and the subdivider shall be required to comply with his or her representations as conditions of approval.

The intent to purchase forms, once signed by a tenant, shall

be irrevocable by said tenant, for purposes of compliance with this section, provided, however, that the Director shall invalidate any such form upon a determination that the subdivider has used coercion, fraud, duress, misrepresentation or threat in connection with obtaining or soliciting such form.

SEC. 1389. Temporary Relocation of Tenants. If temporary relocation of any tenant is necessary for renovation of a unit between the date of submission of the Tentative Map and the date established for permanent relocation, then the subdivider shall find equivalent substitute housing for that tenant for the period of renovation, and shall pay to that tenant any additional cost of the substitute housing. Any tenant temporarily relocated shall have the right to return to his or her former unit until the expiration of all rights granted to such tenant as provided in this code.

SEC. 1390. Rent Increase Limitation. The rent to tenants at the time of filing the application for conversion shall not be increased for the period between the filing of the application until relocation takes place or until the subdivision is denied or withdrawn, except that such period shall not exceed two years. At the end of such period, and for a one (1) year period thereafter, any increase in rent shall not exceed the proportionate increase in the residential rent component of the "Bay Area Cost of Living Index, U. S. Dept. of Labor," over that period of time, provided, that the rental increase provisions of this section shall be operative only in the absence of other rent

increase or arbitration laws. In cases of hardship due to unusual circumstances to the subdivider, or in cases where a rent increase authorized herein is considered by the tenant to be not consistent with increases in the residential rent component of the "Bay Area Cost of Living Index, U. S. Dept. of Labor," either a subdivider or a tenant may request relief under this section from the Director of Public Works or his or her designee. In considering the reasonableness of a rent increase, the Director shall consider the current rent paid for comparable units in comparable areas.

SEC. 1391. Vacation of Units: Statutory Notice of Eviction Required; Extension of Leases for Elderly Tenants.

(a) Except for tenants availing themselves of the lease option set forth below, each non-purchasing tenant shall be given one hundred twenty (120) days from the date of receipt of notification from the subdivider of the intent to convert (as required in California Government Code Section 60427.1) to find substitute housing and to relocate. The subdivider shall not transmit such notice, however, prior to recordation of the Final Map or Parcel Map. If any tenant has a lease to occupy a unit in which the term of said lease extends longer than the one hundred twenty (120) day period provided herein, such tenant shall not be evicted except for cause until the expiration of such lease.

Each non-purchasing tenant shall be given the option of entering into or renewing a lease ag reement to occupy said tenant's dwelling unit for a period of up to one year following

the date of approval of the Final Map; the rental charge and rights and obligations of the parties during said period shall be in accordance with subsection (c) of this section.

(b) Upon expiration of all such time requirements and upon satisfaction of any conditions required for conformity with the Master Plan, including the recordation of the Final Map or Parcel Map, the tenant shall also be entitled to the statutory period for notice of eviction as provided in California Civil Code Section 1946.

This provision shall not affect the requirement that a tenant receive relocation services and reimbursement for moving expenses provided that the tenant request and be eligible for said services as provided in Section 1392 and Section 1393, and provided that the time for relocation assistance not extend beyond the 120 day period of the notice of intent to convert or any lease extension as required in subsection (a) of this section.

(c) No subdivider or subsequent condominium unit owner shall refuse to renew a lease or extend a rental agreement to any non-purchasing tenant aged sixty-two (62) or older at the time of Recordation of the Final Map or Parcel Map, or any tenant permanently disabled. Any extended leases or rental agreements made pursuant hereto shall expire only upon the death or demise of such tenant or the last surviving member of the tenant's household, provided such surviving member is related to the tenant by blood or marriage and is aged sixty-two (62) or older at the time of death or demise of such tenant, or at such time as the tenant

voluntarily vacates the unit after giving due notice of such intent to vacate. Each lease shall contain a provision allowing the tenant to terminate the lease and vacate the unit upon 30 days notice. Rent charged during the term of any extended lease or rental agreement pursuant to the provisions of this section shall not exceed the rent charged at the time of filing of the application for conversion, plus any increases proportionate to the increases in the residential rent component of the "Bay Area Cost of Living Index, U. S. Dept. of Labor," provided that the rental increase provisions of this section shall be operative only in the absence of other applicable rent increase or arbitration laws. This section shall not alter or abridge the rights or obligations of the parties in performance of their convenants, including but not limited to the provision of services, payment of rent or the obligations imposed by Sections 1941, 1941.1 and 1941.2 of the California Civil Code. There shall be no decrease in dwelling unit maintenance or other services historically provided to such units and such tenants.

SEC. 1392. Subdivider to Provide Moving Expenses.

(a) The subdivider shall bear the cost of moving expenses of any tenant who relocates from the building to be converted. The tenant, at his or her option, shall be reimbursed either for the actual moving expenses up to a maximum of one thousand dollars ($1,000), or for the fixed amount allowed by the moving expense schedule of the Central Relocation Services agency. In the event the unit is occupied by a sub-tenant under an agreement

with the tenant, the moving expense reimbursement herein provided shall be shared proportionately by both parties in relation to the actual costs of moving the property of each party.

(b) Availability for such assistance shall be limited to the 120 day period or the period of any lease extension as provided in Section 1391(a) unless a contrary agreement is reached by the subdivider and tenant; provided that tenants aged sixty-two (62) years or older, or permanently disabled whose tenancy is extended pursuant to Section 1391(c), would be eligible for such assistance at such time that such tenant elects to voluntarily vacate the unit and gives due notice therefor.

(c) Those parties who lease a unit subsequent to the date of filing the application for conversion shall not be eligible to receive assistance provided in this section unless such an agreement is made between the subdivider and prospective tenant.

SEC. 1393. Subdivider to Provide Relocation Assistance.

(a) Any tenant who requests assistance in finding relocation housing shall be referred to the Central Relocations Services agency of the City and County of San Francisco, or, with the mutual consent of the tenant and subdivider, such assistance may be provided by the subdivider or a real estate brokerage firm selected by the subdivider. The subdivider shall bear any costs to the tenant of such assistance in finding relocation housing.

(b) Availability for such assistance shall be limited to the expiration of the 120 day period or the period of any lease as provided in Section 1391(a) and (c), unless a contrary

agreement is reached by the subdivider and tenant.

(c) Those parties who lease a unit subsequent to the date of filing the application for conversion shall not be eligible to receive assistance provided in this section unless such an agreement is made between the subdivider and prospective tenant.

SEC. 1394. Time Limits For Re-Application.

(a) In the event an application for condominium conversion subdivision is withdrawn by the applicant, said application may not be re-submitted for six months from the date of withdrawal.

(b) In the event an application for condominium conversion subdivision is denied, or a Tentative Map is disapproved, the applicant therefor may not submit a new application for the same building for one (1) year from the date of such denial, except that this period may be extended pursuant to the provisions of Section 1386.

SEC. 1395. Time Limits for Sale.

All units approved for conversion shall be offered for sale to the tenants within one year of the issuance of the State Department of Real Estate's Final Subdivision Public Report.

SEC. 1396. Annual Limitation on Conversion.

Applications for conversion shall not be accepted by the Department of Public Works during any calendar year when tentative maps for the conversion of 1000 units have been accepted for filing during that year, provided however, that the Department of Public Works shall receive applications, for the purpose of establishing a priority list for action during the next calendar

year or for action after all previously accepted applications have been acted upon and less than 1000 units had been approved for conversion. The Board of Supervisors shall review this section within one year from the date of approval of this ordinance.

Section 4. Emergency Provision. This ordinance is hereby enacted as an emergency ordinance pursuant to Charter Sections 2.300 and 2.301. The basis for said emergency is as follows:

"An increase in condominium conversions coupled with a low vacancy factor and increasing rents has precipitated a rental housing crisis in San Francisco. The number of condominium conversion applications has greatly increased during the last twelve months, straining the ability of the Department of Public Works, City Planning Department and the Board of Supervisors to process applications within the time limitations established by the State Subdivision Map Act. In anticipation of the enactment of this ordinance, applications continue to be filed at an increasing rate. Because of the large number of pending applications, the City and County may be prevented from properly reviewing those applications within the required time limitations, resulting in the automatic approval of such applications, thus creating an actual emergency."

AMENDING PART II, CHAPTER VIII (POLICE CODE) SAN FRANCISCO MUNICIPAL CODE, BY ADDING SECTIONS 1112, 1113 AND 1114 THERETO, PROVIDING FOR THE ESTABLISHMENT AND MAINTENANCE OF AUTHORIZED STANDS FOR EMPLOYER'S BUSES.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Part II, Chapter VIII (Police Code), San Francisco Municipal Code is hereby amended by adding Sections 1112, 1113 and 1114 thereto to read as follows:

Section 1112. Definitions. (a) "Employer's Bus" An "Employer's Bus" is hereby defined as a bus or other vehicle capable of transporting 12 or more persons, including the driver, which is regularly operated and maintained in order to transport employees to and from various business locations by a person or corporation which employs 100 or more persons at one location within the City and County of San Francisco.

(b) "Employer's Bus Stand". An "Employer's Bus Stand" is hereby defined as that portion of the street which the Deparment of Public Works designates as reserved for the exclusive use of one or more Employers' Buses in order to load and unload passengers at a business location of the employer.

Section 1113. Issuance of Permits. The Department of Public Works shall grant an Employer's Bus Stand permit to any employer who has a vehicle which the Department determines meets the definition set out in Section 1112(a) above, provided that the Department also determines that the operation of the Employer's Bus will alleviate traffic in the Metropolitan Traffic District. In designating a portion of a street as an Employer's Bus Stand, the Department shall select a location which is reasonably close to the Employer's business location, the use of which will not interfere with traffic patterns in the area. The permit shall designate the two block area within which the Employer's Bus Stand Permit shall be valid. An employer may apply for a separate permit for each Employer's Bus that is regularly operated. The Department is authorized to revoke any Employer's Bus permit if it determines that the Bus is not operated on a regular basis, that the number of persons employed by the Employer is less than 100 or that the operation of the bus does not alleviate traffic problems in the Metropolitan Traffic District. Employers shall pay a $25 license fee for the issuance of each Employer's Bus Stand permit.

Section 1114. Use of Employer's Bus Stands Prohibited by Unauthorized Vehicles; Penalty. No person shall park, stand or stop any vehicle in an Employer's Bus Stand unless such person is operating a vehicle which has been issued an Employer's Bus Stand permit and such person must display said permit upon request. Furthermore, an Employer's Bus Stand permit shall be valid only at those stands which are located within two blocks of a business location of the employer who owns the bus. Any person violating

this section shall be deemed guilty of an infraction and upon conviction thereof shall be punished by a fine of not less than $5 nor more than $50. The Department of Public Works shall post signs at each Employer's Bus Stand informing the public that only vehicles with Employer's Bus Stand permits may lawfully park, stand or stop at tnat location.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Article 1.2 of Part II, Chapter II of the San Francisco Municipal Code (City Planning Code) is hereby amended by adding Subsection (f) to Section 121, to read as follows:

SEC. 121. Minimum Lot Width and Area. The following requirements for minimum lot width and area shall apply to all properties in the city, regardless of the use of the property, regardless of the zoning district in which the property is located, and regardless of whether the ownership or use is public or private. The provisions of Article 1.7 of this Code, and especially Sections 173, 180 and 189 thereof, shall also be applicable with respect to lot width

(a) Frontage. Every newly created lot shall have and maintain frontage on a public street or alley as defined by this Code, or on some other permanent right-of-way from which there shall be vehicular access to such lot, and in each case such frontage shall have a minimum width of sixteen (16) feet. Where an existing lot of record does not have such frontage, but has other access from a street or alley, such other access shall be maintained for such lot.

(b) Subdivisions and lot splits. Subdivisions and lot splits shall be governed by the Subdivision Code of the City and County of San Francisco and by the Subdivision Map Act of California. In all such cases the procedures and requirements of said Code and said Act shall be followed, including the requirement for consistency with the Master Plan of the City and County of San Francisco. Where the predominant pattern of residential development in the immediate vicinity exceeds the minimum standard for lot width or area, or the minimum standards for both lot width and area, set forth below in this Section,

BOARD OF SUPERVISORS

any new lot created by a subdivision or lot split under the Subdivision Code shall conform to the greater established standards, provided that in no case shall the required lot width be more than thirty-three (33) feet or the required lot area be more than four thousand (4,000) square feet.

(c) Measurement. The lot width shall be measured as a horizontal distance between the side lot lines. The lot area shall be measured as a horizontal plane enclosed by the lot lines. Where a lot is not in the form of an ordinary rectangle, the specified minimum lot width shall be maintained for a sufficient depth on the lot to enable the minimum lot area requirement to be satisfied within the portion of the lot having such minimum lot width.

(d) Minimum lot width. The minimum lot width shall be as follows:

2. In all other zoning use districts: twenty-five hundred (2,500) square feet; except that the minimum lot area for any lot having its street frontage entirely within one hundred twenty-five (125) feet of the intersection of two streets that intersect at an angle of not more than one hundred thirty-five (135) degrees shall be seventeen hundred fifty (1,750) square feet.

BOARD OF SUPERVISORS

(f) Conditional uses. Notwithstanding the foregoing requirements of this Section 121 as to lot width, lot area and width of lot frontage, in any zoning use district other than an RH-1(D) district the City Planning Commission may permit one or more lots of lesser width to be created, with each lot containing only a one-family dwelling and having a lot area of not less than fifteen hundred (1,500) square feet, according to the procedures and criteria for conditional use approval in Section 303 of this Code.
